REASONS WHY

MARKS' ARTIFICIAL LIMBS WITH RUBBER HANDS AND FEET ARE THE BEST

BECAUSE They are most comfortable to wear. They are fitted upon scientific principles by competent and skilled fitters who are familiar with the anatomy of human stumps.GLEN SPRINGS, S. C.—I received the artificial leg which you made for me, and commenced using it on the 14th of the same month. I must say that it fits the best of any artificial leg I have ever had.
S. S. BEARDON.**BECAUSE** They obviate concussions to stumps. The sponge rubber foot affords a yielding medium to walk, run, jump, or alight upon without jarring.WANGANUI, NEW ZEALAND.—In 1892 you forwarded to me an artificial leg for my son. It has given the greatest satisfaction. My son has worn it continuously; he can do all sorts of work; he can walk all day in a rough country, and never become sore or lame. He has jumped ten flights of hurdles 3 ft. 3 in. high, in 130 yards. I have seen him jump a standard wire fence.
C. M. TAYLOR.**BECAUSE** The method of fitting and construction prevent chafing and abrading.OTTAWA, OHIO.—The leg which I purchased from you for my daughter about a year ago has been worn constantly. When she received the leg it was a perfect fit. My daughter put it on and wore it to school the first day. The stump has never been chafed or sore.
Respectfully, J. S. CARTWRIGHT, C. E.**BECAUSE** They are noiseless. The absence of complicated ankle articulations removes absolutely the tell-tale thud, thump and flop, which are the most objectionable features of all other artificial legs."Mr. Marks makes absolutely the best artificial leg I have ever seen. The core of the foot is covered with India rubber, so that from the instep to the toes and back to the heel of the foot is simply solid spring rubber. The elasticity of the toes and heel compensates for the absence of ankle motion, and in walking there is none of the jarring, 'dot and go one' walk so characteristic of the jointed foot."
DR. LEWIS A. SAYRE, Lecturer at Bellevue Hospital, N. Y.

BOX-ANCHOR No. 4.

THE
GOETZ
BOX-ANCHORS
AND
TIMBER CAPS.

GOETZ-MITCHELL TIMBER CAP.

No. 4 is our method for mill construction. A dovetail formed cast iron box, with extended base plate built into the wall; a lug in the box and a notch in the beam form the tie from wall to wall. The side guides prevent the warping of the timber, and also give air circulation, leaving no chance for dry rot. In case of fire the falling joist frees its own anchorage. Recommended by the National Association of Fire Engineers as the best system now known. Endorsed by Insurance Companies.

THE GOETZ-MITCHELL TIMBER CAP.--All parts are securely held, and still any horizontal beam or girder can fall without damage to the post. The base of upper post is bolted to the Cap, adding very much to the stiffness of a structure. This Cap, used in conjunction with No. 4 Box-Anchor, is certainly the most admirable system now used in slow-burning and mill construction work.

ORGANIZED 1875.

Insurance in force January 1st, 1898, over Eighty-five Million Dollars. Our new policy known as "Combined Term and Renewal Option Policy" offers special advantages to those who desire the largest amount of protection, for the least cost; if the present times warrant retrenchment, this new policy may be correctly called a "hard times policy," and commends by its low cost, its Loan, Cash and Surrender Values, the careful consideration of all who need the most for their money.

OF NEW YORK CITY.

B. F. ESS, Manager.

Office, Room 14, Hubinger Bdg., 840 Chapel St., New Haven, Ct.

The increasing tendency of the public to patronize the smaller and more conservative Life Insurance Companies of this country had its effect upon the business of the United States Life Insurance Co. since 1882. It has doubled its business from 1882 to 1897. They issue all kinds of policies—Ordinary Life, 10, 15, 20, Guaranteed Income Policies. This Company issues Policies, on which the insured, by the terms of his contract, can borrow the entire reserve after the third or any subsequent year, which is about 80 per cent. of all premiums paid. Paid to Policy Holders '97, Death Claims, Endowments, Dividends, Surrenders, etc., \$945,542,028.

safer and more progressive than ever.

All its policies are incontestable after two years, and have
Extended Insurance, Loan, Cash and Paid-up Values endorsed
thereon. We invite the inspection of our new
EXCHANGEABLE LIFE and RETURN PREMIUM CONTRACTS, also
our 5 PER CENT. 20 YEAR INCOME BOND, under which contract a
stated income is guaranteed for twenty years, and we then pay
the face value of the policy.

If you are contemplating insurance, we suggest comparison
of our contracts with those offered by any other company.
